THE INDIAN JOURNEY IS A ONE-OF- ITS-KIND CONCEPT TOURISM FIRM THAT SPECIALIZES IN CONDUCTING UNIQUE JOURNEYS ACROSS THE GLOBE.

The background of the slide features a photograph of a large, ornate building with multiple domes, likely a historical or religious structure, captured during the golden hour of sunset. The sky is a deep orange, and the building's reflection is visible in a body of water in the foreground. A thick, curved orange line sweeps across the image from the top left towards the bottom right. A dark, semi-transparent rectangular box is positioned on the right side, containing the text.

WHY *us*?

- 
- The background of the slide is a photograph of a mosque with multiple domes and minarets, silhouetted against a bright, golden sunset sky. The reflection of the mosque and the sky is visible in the water in the foreground. A dark, semi-transparent rectangular box is overlaid on the center of the image, containing a list of six bullet points in white text. In the bottom right corner, there is a decorative orange graphic element consisting of two parallel diagonal lines.
- We understand your purpose of the journey and are committed to delivering you a unique journey of lifetime.
  - Our entire concept is based on making you live the life of the place that you visit rather than be mere spectators of the places, people and life of those places.
  - Our journeys are designed in such way that they fit different budgetary conditions. We have luxurious, semi-luxurious and economy tours that serve the same purpose but executed differently to suit our client's needs.
  - Our experience in the field of organizing tours makes us a thoroughly professional company. We understand our client's requirement to the utmost and design tours accordingly. Before embarking on any journey all our guests' profiles are studied so that we have a fair understanding of their unique needs and requirements. Therefore, we stock up and braise ourselves to serve our guests well. Personal attention is conferred on all our guests at all the time.
  - Our prime objective is to make sure that every moment that you spend in discovering the visiting country, you have the best of experiences without having to worry about anything. All modern safety and security measures are adopted in the tours so that you have absolute peace of mind.

# Acroyoga *Journey*

AcroYoga Journey is our niche service under Yogis Odyssey. We are currently the only company combining this yoga form with the leisure of traveling to India. AcroYoga blends the wisdom of yoga, the dynamic power of acrobatics, and the loving kindness of healing arts. These three lineages form the foundation of a practice that cultivates trust, playfulness, and community. Jenny Sauer-Klein and Jason Nemer co-founded the practice in 2003, which has since touched the lives of hundreds of thousands of people worldwide.

It's a partnership practice that involves one person acting as a base, who keeps in contact with the ground to support the flyer, who is lifted into various poses that stretch and strengthen the entire body. Usually, the base lies on the ground and uses his or her legs to support the flyer. More advanced positions require the base to stand up and support the flyer using the arms.

With benefits spanning across the realms of mind, body, and spirit, the practice of AcroYoga is well worth looking into.
